

Muhammad Hassan

Junior React.js developer

✉ muhammadhassansdk@gmail.com ☎ +92 303 3540491 📍 architect society, johar town, Lahore, 54030 Lahore

Profile

I am a Associate React.js developer with 6 months of Software development experience using React.js. Apart from that, I have excellent soft skills.

I enjoy working on challenging problems and finding innovative solutions. Also I am really passionate about development using React.js. As self-starter and a consistent quick learner, back In 2021 I was doing little bit of freelancing independently.

Currently, I am working as an react.js Internee at Digicon valley, and now I am open to working to explore better opportunities and working in a more challenging environment.

Employment

React.js Internship Sep 2022 - Present
Digicon valley, Lahore

After the previous internship experience I joined Digicon valley as a react.js internee and working on react themes by making reusable components. Also Worked on APIs Integration into react.js using axios.

Internship Feb 2022 - May 2022
Virtual Soft, SadiQ abad

During the internship period I worked on Html, CSS, javascript, bootstrap jquery to make reponsive frontend themes and collaborated with backend developer to integrate in backend server as templating.

Education

Bs Computer Science Apr 2018 - Jan 2022
UEIT, Rahim yar khan

During my tenure here in university a learned a lot about computer science and software development industry and also I collaborated with my class fellows in semester projects using different top notch technologies like flutter or React.js and android.
